

**Studio Connections - REFERENCE SERIES**

## Reference Plus RCA and XLR Interconnect

### Measured Technical Data:

Conductors: 2x 28/0.1 high purity, oxygen free copper  
Primary dielectric layer: Olefinic/nitrogen foamed primary  
Second dielectric layer: Solid polyethylene secondary skin  
Lay: Orbital twist, 100mm lay length  
Drain wire: 18/0.1 tinned copper centre woven  
Capacitance (min) 25pF/m, 7.646pF/ft  
Resistance 0.078 ohms/m, 0.024ohms/ft  
Overall jacket Crystal clear PVC  
Overall diameter 8.0mm/ 0.315 inch  
Connectors: Eichmann Bullet plug ( RCA) or Neutrik XLR

The cable is available as boxed stereo pairs terminated with Neutrik gold plated RCA phonos or Neutrik gold plate pin XLR plugs.
